Librarians' "Open Community" in the world

a "best practice community" spread and connected at disposal of different epistemic communities: digital humanists, university students, researchers and professors, local communities...

By Deborah Grbac, Library, Università Cattolica del Sacro Cuore di Milano

UNIVERSITÀ CATTOLICA del Sacro Cuore

UN depository libraries system, 1947-

- Sharing materials in open access regime with opportunity of reusing it against citation
- Twitter communications
- Training on-line
- Contacts via video-conferences
- Networks of depository libraries' activities

IFLA's International Advocacy Programme, 2016-2018

- Sharing the narrative of projects aiming at spreading knowledge on SDG
- Raise librarians' awareness and knowledge on SDG
- Increase participation of librarians' associations and representatives of public libraries in the activity of promotion of public access to information libraries' services and programs
